Website Design – eCommerce – Administration – Marketing

NorCal Websites has been creating custom websites for the Northern California area since 1996 and we understand the need for a professional, easy-to-use Internet presence.

A website is the least expensive way to market to potential customers on a worldwide scale. Your website can provide your customers with 24-hour access to your company information, example galleries, product sales, price quotes and anything else you need.

Call us today at 1.877.NET.8786 for a Free Consultation

Single page Website

starting at \$100.00

A flyer-style website gives you enough room for your logo, some basic text and 3 to 5 images.

Single page eStore

starting at \$200.00

Add a PayPal button to your flyer-style website. Perfect for donations or a single product.

Informational Website

starting at \$1,200.00

Includes custom design/programming for 5 static pages including a homepage and up to 20 images.

eStore-Lite Website

starting at \$1,700.00

A PayPal integrated informational website to sell your products online. Includes up to 20 PayPal buttons.

eStore-Full Website

starting at \$5,300.00

A virtual store for large quantities of products and a shopping cart for processing online sales.
